No 143

## INSTANT ARMISTICE

### ALONE CAN PREVENT SLAUGHTER.

General Linevitch Forced to Abandon  
His First Line of Entrenchments—  
Stoessel Exonerated.

St. Petersburg, June 22.—Despatches from both sides indicate that a general engagement has commenced and Gen. Linevitch is falling back along the line of his first entrenchments. If peace negotiations are to bear fruit the armistice must be officially declared instantly to prevent a battle perhaps greater in casualties than Mukden.

The commission appointed to investigate the capitulation of Port Arthur finds the surrender of the fortress justifiable.

### FIRED ON A PROCESSION

Lodz, Russia, June 22.—Eighteen were killed and 100 injured by a volley fired by dragoons into a procession of 50,000 people demonstrating against the Government here.

### TWENTIETH CENTURY LIMITED WRECKED

Mentor, Ohio, June 22.—Running at sixty miles an hour the Twentieth century limited, on the Lake Shore railroad dashed into an open switch at the passenger station tonight. Five were killed and thirteen injured.

### ST. JEAN BAPTISTE CELEBRATION.

St. Jean Baptiste day is being celebrated in the city by the St. Jean Baptiste Societies of the district today instead of the 24th, which being a Saturday, would not be so well suited for the celebration.

A large procession consisting of floats and people in carriages and on foot was formed at the Immigration hall this morning at ten o'clock and marched up Jasper avenue to the R.C. church, where a sermon was given by Rev. Father Ethier, of Morinville. From there they proceeded to the exhibition grounds where a program of addresses and sports will be carried out. In the evening the play "Le Voyage de Perrichon" will be given.

The societies from St. Albert, Lamoureux and other points in the district are taking part in the celebration.

The procession this morning was headed by the city band. The St. Albert band was also present. An attractive feature of the procession was a large float carrying the girls of the separate school, the pupils of the boys' school marching behind.

### KING MURDER TRIAL.

When Supreme Court resumed yesterday afternoon A. Prince, who had been in the witness box at the time of adjournment, was cross-examined at some length by Mr. Cross. He varied in some details from the story told at the preceding trial, and attributed this to inaccuracy of the report of the former trial. His evidence had been as to the finding of what were supposed to be the remains of Hayward in the ashes of the campfire, and of the articles said to have belonged to him.

Mr. Cross asked the witness when the last sun dance had been held on the reserve. He denied that any had been held in his memory, nor did he know what was meant by a sun dance. He described in his own fashion and with apparent pleasure the preparation and performance of the tea dance, one of which he said, had been held in a tent a short time before the witnesses left for Edmonton. There were no "medicine men" on the reserve and whisky was not allowed. It was a "miserable place for whisky," was the significant manner of his tribute to the scrutiny of the Police.

In answer to Mr. MacDonald, witness said he was a Christian and had been baptised early in life, was a member of the Church of England.

Henry Fraser, fur buyer for McDougall & Secord, sworn, said he had seen the prisoner and another man in the hardware store of this firm last spring or summer. Had sold four horses to the other man. Had heard them talk of going to Peace River. He identified the photo of Hayward as that of the man who had bought the horses and recognized four horses in the possession of the police, as those he had sold.

Witness told Mr. Biggar in cross-examination, that he had asked \$200 for the horses and could not explain why he was reported to have said on the preliminary and also at the first trial that the figure he had asked was \$175.

John A. MacLean, of the firm of McDougall and Secord, recognized the prisoner as one of two men he had seen in the fur store of the firm last summer. The photograph of Hayward was identified as that of the other man.

J. H. Low, formerly of the Mounted Police post at Lesser Slave Lake, was called and told of the arrest of the prisoner by himself and Sergt. Anderson on suspicion of having murdered a man on the Sucker Creek reserve. He identified an invoice which he had made out on the articles taken from the prisoner and recognized the articles produced in court. He told also of having accompanied the prisoner to the city and of the conversation he had had with the accused. The story was practically the same as at the first trial.

### Who Will Be Premier.

Ottawa, June 18.—In connection with the autonomy debate, which will be resumed on Tuesday, there is a general consensus of opinion that the opposition will not any longer persist in obstructing the bills, and that pro-rogation will be reached about July 15.

There is some talk as to who are to be the governors of the new provinces. It is said that Lieut.-Gov. Forget will be transferred from Regina to Edmonton, the provisional capital of Alberta, as the lieutenant-governor of that province. His experience will be valuable in putting the provincial machinery in motion.

Dr. Douglas, who represented East Assiniboia in the Dominion Parliament, is spoken of as the new lieutenant-governor of Saskatchewan. In reference to who will be called upon to form governments in the new provinces, that is also a subject of discussion. Mr. Rutherford, of the Northwest assembly, if placed at the head of the Liberal party in Alberta, would no doubt be the first premier of the province. His name is being put forward. Either Mr. Bulyea, of the Northwest government, or Mr. Walter Scott, M.P., may lead the Liberals to victory in Saskatchewan.

The Conservatives will decide upon Mr. Haultain to lead them in one of the new provinces, but it is very uncertain as yet whether he would rather face defeat in Saskatchewan or sacrifice himself by going to Alberta.

## OPPOSITION MEMBERS

### WANT MORE SEATS IN THE SOUTH.

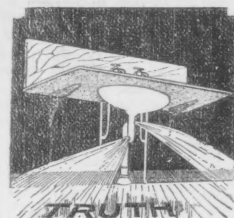

Mr. McCarthy's Amendment to Leave  
the Distribution of Seats to the  
Judges Badly Shattered.

Ottawa, June 21.—Another day was taken up with the distribution of seats clause of the Alberta autonomy bill. The discussion was on the same lines as yesterday. The Opposition members held that southern Alberta would be under-represented. This led Mr. Haggart to remark that the whole matter was as to whether Edmonton or Calgary was going to be the capital.

Mr. Oliver showed the absurdity of Mr. McCarthy's amendment to leave the whole question of representation without any instructions or limitations to the judges. Such a proposition was never previously heard of. The question of giving representation to large areas of the Province was one of policy and the responsibility for doing so lay with the Government. Suppose the judges did not give any representation to the North, who could be censured? When it was proposed to refer the Dominion constituencies for redistribution, there were certain defined instructions and principles upon which the work was to be done. This position was so just and reasonable that the Opposition had no satisfactory reply. It would not be surprising if Mr. McCarthy drops his amendment. Mr. Talbot made a strong forcible speech in support of the clause and Mr. Lake spoke against it.

### BOHN

SHORT—At Edmonton on Sunday,  
June 18, to Mr. and Mrs. Wm.  
Short a daughter.

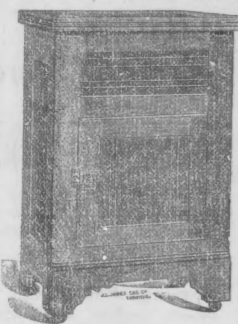

THE TRUTH WILL LEAK OUT,  
but water comes in jets. If it were  
the other way we'd all have to be  
honest and we wouldn't need

### THE PLUMBER.

As things are, however, all we can  
do is to employ an honest plumber  
who knows his business—one who  
will put in good material and put it  
in to stay. That's what we try to  
do here. We supply everything neces-  
sary for fitting up the bath-room  
and we do the fitting ourselves.  
J. A. LOCKERBIE & CO

## REFRIGERATORS

KEEP THE MILK COOL AND  
THE BUTTER SWEET.  
Ours are air tight with  
cleanable floors and thor-  
ough cold dry circulation.  
All packed with mineral  
wool. Prices ranging  
from \$10.50 to \$37.00.

## THE DELAY OF THE BILLS

The announcement made in yesterday's Bulletin that the autonomy bills cannot pass the House in time to become law on July 1st has created a feeling of considerable disappointment in the city and will probably create a similar feeling throughout the Territories. When the bills were introduced several months since, not even a suggestion was made that ample time had not been allowed for all reasonable consideration before the day set for bringing the new order of things into being, and it has been felt that the day was in every way a happy choice. At many points considerable inconvenience and expense has been gone to by municipal councils, boards of trade and citizens' committees arranging fitting celebrations of the event, the postponement of which will by no means create a satisfactory feeling in the popular mind. It cannot be and has not been pretended that the delay of the bills has been due to a lack of time allowance for discussion, or was in any way necessitated by the circumstances. It has become unavoidable simply by the continuance of the obstruction tactics of the Opposition. Day after day and week after week, divided into hands with little enough sympathy for each other, but all imbued with an all-consuming, all-disregarding hatred of the Government, they have blocked business and prevented progress by their traditional and hereditary habit of talking. Circumstances have afforded them ample opportunity to directly test the public feeling of both the West and the East on the question upon which they have made the most frequent and persistent assaults. The Government has never shirked the challenge. The three constitutions were opened promptly and in every case the Government candidate was returned. Even then the voice of the people was ignored and the "guerilla warfare" went merrily on. Now at the last moment Mr. Monk, the leader of the Opposition in the Province of Quebec, comes in with a proposal to introduce a dual language amendment. While Mr. Borden may not consent to be held accountable for the doings of all his followers, it may still quite fairly be said that had he, instead of resolving his party into bands of freebooters, held it in a solid body united on a plain and definite policy, quite as effective opposition could have been made to the bills without the necessity of protracting the discussion beyond all reason or requirement. This course would at least have given an appearance of consistency to the fervor with which the Opposition a year since urged upon the Government the necessity of granting immediate autonomy.

## NO RECIPROCITY FOR THE HERALD

Calgary Herald: A man named Port has been sent to Calgary by the Edmonton and Strathcona boards of trade to turn immigrants toward the north country. Calgary admires the enterprise that inspired this business move, but the people of this city have a right to insist that Port conduct an honorable campaign. The Herald is informed on the best authority that this agent of the north has been disparaging Calgary and this action, on every possible occasion, and when he finds settlers inclined to locate here he makes untruthful statements about this part of Alberta. He watches all trains, and apparently expects at nothing to send settlers north. Something should be done, and probably will, to force this man to keep within the bounds of truth in all statements concerning other parts of Alberta.

## The Intercolonial

Toronto Globe: Mr. Emmerson's statement to Parliament that the

deficit on the Government railways for the fiscal year, would be between \$1,500,000 and \$2,000,000 will prove disappointing to the country. We are, of course, accustomed to deficits on the Intercolonial, but the hope was cherished that the extension to Montreal would eventually make expenditure and revenue come nearer to an equilibrium. One or two unavoidable circumstances contributed to making the deficit greater than it would otherwise have been. For one thing there was a general increase in the pay of employees. Their remuneration was considerably lower than that of the employees of other railways, so that it was impossible to resist the very natural request to be as well paid as the same classes of workmen on private railways. This added at one stroke three-quarters of a million dollars to the expenditure of the year. Another extraordinary cause of expenditure and loss of revenue was the exceptional severity of the winter in the Maritime Provinces. The fall of snow was unprecedented. For almost two months the railways were paralyzed earning little or nothing, while the greater part of the expenditures were still being incurred. The year was therefore, an unusual one, and so signal a failure to make ends meet may not be made again.

Even if we flatter ourselves, however, that another year may not see the deficit so great, the question still remains whether we are to settle down to the conviction that a yearly deficit on the Government railways is like death and the tax-gatherer, an unavoidable thing. It is encouraging to see that Mr. Emmerson is not content to accept that view. He does not make any definite proposition looking towards better things, but there is a note in his speech which indicates that he is not disposed to give the matter up as a bad job. The limitations of a railway managed by a Government are resented by his statement that wages once increased cannot be diminished as in private employment, and that it is not easy to increase freight rates in order to meet unlooked-for expenditures. The people of the Maritime Provinces regard the Intercolonial as one of the inducements held out to secure their consent to confederation. This aspect of it, it must be admitted cannot be wholly ignored, and, however, the road is managed, some account will have to be taken of its political character. If it be true, however, that in some cases the rates are 80 per cent. lower than those on other Canadian railways, there is room for thinking that increases could be made here and there that would not be considered unjust. No objection can be taken to the demand of the employees for remuneration equal to that paid on private railways, but if so it would be fair to expect their services equally efficient and productive. It is a great question whether it is or not. We have no knowledge that it is not, but public employment is notoriously deficient in these respects, and it is not at all improbable that one of the great leakages on the Intercolonial would be found in this direction. Low freight rates are of advantage to interprovincial trade, but it is of no advantage to the people of the provinces, outside of the immediate beneficiaries, that the service on the Government railways should be slow, unproductive or inefficient. The only remedy for this that suggests itself is the making of the management a one-man power, a power that would insist on a full day's work for a full day's pay, and which would have no mercy for those who lacked the talent or lacked the inclination to render faithful service to their employer, the public.

—Alberta: The Calgary board of trade, at a meeting of the council held yesterday, decided to formally invite the members of the Dominion House of Commons to visit the West after the present session of Parliament.

—Toronto, June 19.—The case in which the Saskatchewan Land and Homestead Co., executors of the Leadley estate, and Mr. and Mrs. John T. Moore are concerned, was again before Justice Testzel at the non-jury sittings Saturday. The executors of the Leadley estate are seeking to take \$125,000 for 50,000 acres of the company's lands which they hold. Moore, formerly of Toronto, and now of Red Deer, Alta., who is, he says, attempting to recover the losses incurred while in the employ of the company, was in the witness stand. Although a settlement of the dispute at one time seemed probable, it is now likely the case will be fought to a finish.

## WANTED.

GOOD AGENTS FOR THE  
Oliver Typewriter  
IN ALL  
UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

## The Progressive West

Toronto Globe: His Grace the Duke of Sutherland, K.C., arrived in Toronto yesterday by the steamboat express from Owen Sound, after a tour through the west. Included in the Ducal party were Mr. Earnest Chaplin, of the banking firm of Chaplin, Milne, Grenfell & Co., London, England; Mr. Alex. Simpson, his Grace's secretary and Mr. T. C. Irving, general manager of Bradstreet's Toronto. The last named gentleman has been for the past two weeks touring British Columbia, the Territories and Manitoba with the Duke.

On their arrival at Toronto the party were met by Mr. T. A. Russell and Mr. T. C. Irving, jun., who conducted the party in an automobile journey through the city. Subsequently his Grace dined with Mr. W. H. Beatty of Queen's Park, and left by the 10 p.m. train for Ottawa.

The Duke has been travelling from New York via San Francisco to Vancouver, and shortly before his departure from this city for Ottawa last night a Globe reporter obtained his Grace's impressions concerning his journey through the northwest.

"I think the country is going on in a most extraordinary way," his Grace remarked. "It is developing very extensively, and the glowing accounts which one reads so frequently concerning it are, in my opinion, fully justified. This is not my first visit to the northwest for I was there last spring, and though, of course, one does not expect to notice much alterations in the course of a year, its development seems to be in every way satisfactory."

"So that you are in every way pleased with your visit?"

"Yes, indeed, and I should like to see more people from Great Britain come out here to visit this country, because we want to get settlers of our own race here."

"And how would you propose bringing this about?"

"I think," the Duke replied, "that if the Canadian Government had a few more emigration offices in the old country, at the present time they have offices in only one or two of the big centres. If the Emigration department had information bureaus in other parts it might induce other people from the British Isles to come out here and settle. I think, moreover, it would be a good thing if it could be made more generally known to English and Scotch people with means what a fine country this is, how excellent are the hotels, and how good the train service. If this class of visitors could be induced to come here they would be the means of persuading others to come out here and settle."

Mr. T. C. Irving, General Manager of Bradstreet's, Toronto, who returned to the city yesterday with the Ducal party was also interviewed by the Globe representative in regard to the outlook in the west.

"On the whole everything is looking very promising," he said, although in British Columbia labor troubles still exist and capital is somewhat timid. Signs of improvement, however, are visible. Mining prospects are somewhat improved, but the lumber trade is rather slow at present, and it is claimed that the British Columbia dealers are suffering from competition from the United States.

"In the Territories and Manitoba railways are being pushed in many directions. There is a large influx of people from the United States, who are taking up farms, and these are considered a most desirable class of settlers, as they are more suited to our climate and more accustomed to our methods of farming, etc., than those who come across the ocean. The crop outlook was never better. When it is borne in mind that the wheat crop in 1881 in this country was two million bushels, while in 1891 it rose to fourteen million bushels, and this year the prospects are from seventy-five to ninety million bushels, it will be admitted that Manitoba and the Territories bid fair to become the great wheat granary of the world. So much do the farmers themselves appear to be impressed with this idea that many of them are, as fast as possible, adding to their holding of farm property, even borrowing as much as possible to enable them to do this, and they go so far as to delay payment of their tradesman's bills. The tradesman, in turn, is forced to ask in many cases remissions from the wholesale trade, and complaints are heard from wholesalers of slowness in meeting engagements by the retailer. It might be a good thing if the wholesaler would there urgently press for payment of accounts when due then appears to be the case at present."

"The banks are opening many branches throughout this vast area

an evidence that the bankers of the Dominion have the utmost confidence in the future of the country."

## WINNIPEG MARKETS.

From the Commercial:  
Wheat—Today's closing prices are No. 1 northern, 99 3/8c; No. 2 northern, 96 3/8c; No. 3 northern, 83 1/2c; No. 4 extra, 75 3/4c; No. 4 (wheat), 74 1/2c; No. 5 wheat, 64c; feed wheat, 64 3/4c; No. 2 feed wheat, 58 3/4c; spot or June delivery, and on the option market future delivery closed June 99 3/8c July, \$1.00 3/8c; October 80c. The Cream Separator  
that is the  
Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cuss the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experience you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.  
The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

THE BIG STORE

Campbell's Clothing

OUR  
CLOTHING

is designed to wear and keep its shape and appearance for more than one season, and if you do not find extreme styles in our stock, it is because extreme styles are short lived.

It is a waste to put enduring material and high class work into a garment that will be out of date before it is half worn out.

We aim to meet the requirements of the THRIFTY and SENSIBLE BUYER, who wishes to be well dressed, who wants clothes distinguished by neatness and good taste, instead of merely conspicuous on account of freakish designs.

A large range of Mens Tweed and Summer Suits. Prices run from \$5.00 to \$20.00.

We think we can please you in assortment of styles as well as variety in prices.

This showery weather is just the time you wish for a waterproof coat. Why not buy one of our Gravenette or Showerproof Coats? They are dressy up-to-date styles, comfortable and suitable for any season.

Lion Brand Clothing For Boys.

Sells at \$3.50, \$4.00, \$4.50, up to \$7.00

## SEVERAL TOPICS

## FOR BOARD OF TRADE CONVENTION.

List of Resolutions to be Introduced by Edmonton Delegates at the Territorial Trade Parliament.

At the convention of the Territorial Board of Trade to be held in Regina on the 29th the following resolutions will be introduced by the Edmonton representatives:

## LAND TITLES ACT

1. (a) Provision should be made to allow the registration of agreements of sale, and the procedure for the foreclosure thereof, provided so that in the case where the equity of the purchaser was small; the cost of foreclosure would be correspondingly small, that is to say should not exceed 10 per cent of the purchaser's equity.

(b) A provision should be made that all delinquent taxes should be returned under a warrant to the Registrar of Land Titles in January of the year following that for which they were assessed, and all parties having registered interest in lands forfeited for non-payment of taxes should be notified by registered letter of the forfeiture of said lands, and given an opportunity to redeem same, and the provision extended to allow the payment of arrears to a chartered bank the receipt from which when registered, would discharge the land for registration purposes.

(c) In all cases where land has been forfeited to the Government for non-payment of taxes before the final proceedings for the vesting of land in the Government have been taken, notice by registered letter should be sent to all persons then appearing to have any interest in the land to permit of the redemption thereof.—William Short.

## SMALL DEBT PROCEDURE

2. (a) Provision should be made whereby debts up to \$50.00 should be collected by process similar to that in use for summary convictions, and disputes should be heard by a police magistrate, and, in case of non-payment, judgement should be levied by distress.

(b) In commercial cases provision should be made for a less expensive and more speedy procedure than at present in vogue.

(c) A revision of the procedure for collecting a judgment should be made. One writ of execution only should be required (levy out of the goods or, in default of the goods, the land of the debtor), and these should not be required to be renewed from year to year. The sheriff should be obliged to make a return to a writ of execution within one month after his receipt thereof, with full particulars; and in cases where he fails to make the money immediately upon receipt, he should be required to make a return thereafter at least once a year. Service of a copy of a writ of execution should bind any money owing to a debtor without the issue of a garnishee summons.

(d) The successful party should be allowed to tax the costs of service of legal process, whether served by a sheriff or not; and provision should be made for service by mail in all cases where the parties are easily reached in that way.

(e) Provision should be made to allow the issue of a writ of adjustment against the property of absconding debtors, notwithstanding the filing of an affidavit of the facts by the plaintiff or any person who can speak positively of the facts and without the necessity of an order from the judge.

(f) Provision should also be made for the arrest of an absconding debtor upon proof of acts justifying the same being made to the satisfaction of the judge.—William Short.

## TIMBER LIMITS.

That it is considered highly undecent under conditions requiring reasonable use to be made of such berths within not more than two years of date of sale, and in the event of the purchaser failing to make use of such timber berth within two years from date of the purchase, such berth should revert to the Government to be available for sale to any parties desirous of utilizing the timber thereon. And that the Minister of the Interior be respectfully asked to give this matter his most careful attention.—J. A. McDougall.

## UNIFORM EDUCATION.

Whereas there has been in past years a general uniformity in education

## CHAS. STEWART, PROPRIETOR.

## EARN A Comfortable Living WITH A Chatham Incubator

Poultry raising with a Chatham Incubator is a very profitable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply and Great Britain is always clamoring for more. That means a steady market and good prices for chickens. You cannot raise chickens successfully with a setting hen. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator.

It will pay you to own a Chatham Incubator. Chatham Incubators contain every improvement of importance in incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, case within case. Between these walls mineral wool is packed forming the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators which are an infallible means of regulating the temperature.

## No cash to pay until October, 1905.

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you until next Fall. That means that you can take off seven or eight batches and make considerable money out of the incubator before the first payment becomes due. We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We make it to show our supreme confidence in the Chatham Incubator. We want you to accept this offer as we are sure of the satisfaction our incubator will give. Every machine we have put out so far has made other sales in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us without one cent of cash from you. You make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer you get it cheaper. Could any offer be fairer or more generous?

Write us to-day for full particulars of our offer and mention this paper. Don't put it aside for another time as this special proposition may be withdrawn at any time.

tional matters throughout the organized territories now about to be organized into provinces.

And whereas from the standpoint of economy as well as convenience, the best interests of the people of both provinces would be served by continuing such uniformity as far as practicable after reorganization takes place,

And whereas it would further to a still better degree the best interests of the whole population lying between the Mountains and western boundary of Ontario, were such uniformity to extend also to the Province of Manitoba.

Therefore be it resolved that in the opinion of this convention it is highly desirable that the Governments of the new provinces adopt such a policy in educational matters as will tend not only to conserve the uniformity that now exists, but to extend it over a wider area.—K. W. MacKenzie.

**TELEPHONE SYSTEMS.**

Monkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

NOW I notice a decided improvement in the cultivation of tobacco in Cuba.

The soil is artificially fertilized and the plants regularly tended by experienced men to keep down the destructive caterpillar—and keep the plant nipped back so that only as many leaves are left on the plant as nature will allow it to properly mature—consequently the quality of the tobacco has so improved that when I buy the well matured and well cured leaves I obtain the choicest smoking material the world produces.

**TO ADVERTISERS**

The SEMI-WEEKLY BULLETIN covers the business field tributary to Edmonton as no other publication does. Don't spend your money on fake advertising. The BULLETIN will take your story into more homes for less money than any other means or agency.

## THE NEWS OF THE DAY

## IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

## MEDICINE HAT DELEGATION.

Ottawa, June 21.—The delegation from Medicine Hat waited on Hon. C. S. Hyman, Minister of Public Works, today. The Minister expects to have the site for public buildings selected in a day or two. The delegation also waited on the Minister of Militia, who promised to consider making Medicine Hat headquarters of the Strathcona Horse.

## MANIAC DEFIED A MOB.

San Francisco, June 22.—After holding one thousand persons at bay for two hours in Eddy street, early today, shooting nine persons and defying the police, Thos. Lobb, a maniac, killed himself.

## DEAD IN HIS CELL.

Winnipeg, June 22.—Edmund D. Williams, arrested for being drunk, was found dead on the floor of his cell when his case was called yesterday. An inquest of six prisoners and six free jurors last night returned a verdict of death from heart failure. He is said to have a brother in Edmonton.

## BALL GAMES.

Winnipeg, June 22.—Winnipeg 4, Grand Forks 1; Crookston 8, St. Cloud 3.

## SYNOD DISCUSSES FINANCES.

Winnipeg, June 22.—The Diocesan synod of Rupert's Land sat all day today and transacted an immense amount of business mostly of a routine character. Strong appeals were made for funds to enlarge and improve St. John's college as a memorial to the late Archbishop MacLay. Dr. J. R. Jones Dean of the Medical faculty of Winnipeg made several unpleasant comparisons showing that the Methodist churches of Winnipeg, Grace church for instance gave 200 per cent more to Wesley college than the English churches to their college. St. John's College. Rev. W. Stocker of Elkhorn brought up his famous motion on the denominational churches of the Athabasca diocese and Geo. Patterson, deputy attorney general seconded them, saying he never recited them when saying the belief. After some discussion the Archbishop showed the motion to be ultra vires and the offending resolution was withdrawn.

—The city council were called together this morning to meet Mr. J. S. Dennis of Calgary, the assistant to the 2nd vice-president of the C.P.R. system. Mr. Dennis came in on last evening's train and will leave today on the afternoon passenger.

## Mr. Bennett's Revolution

(Calgary Eye-Opener.)

Speaking of Bennett, R. B. appears to have been the William Jennings Bryan of Ontario for a couple of weeks lately. His bombs of oratory bursting in all directions and creating considerable havoc in the enemy's camp. However, all Mr. Bennett's eloquence has to come to naught. Hyman has been elected by 350 majority at London, his previous majority having been but 22.

At the same time, we do not at all relish the idea of Mr. Bennett conveying to the flatulent mossbacks and wain-eyed hawbacks of Ontario the impression that the West is secretly importing rifles and hammering the plowshare into the sword with a view to organizing a bloody revolution over this confounded school clause. Nobody, we feel sure, would have the slightest objection to Mr. P. shouldering a musket (especially during fair week) but he has no right to conscript the rest of us Si-washes.

We humbly beg to differ with those pitiful fellows of our own party who have been kicking up such a horrible row in Ontario in regard to the ferment in the West over the school question. This ferment is only imaginary and we will leave it to any of our readers throughout the Territories if that is not so. It weakens a party in public estimation when its spokesmen take upon themselves to make sweeping assertions which have not the slightest basis of truth. R. B. and McCarthy and Hamilton all know perfectly well that the West is singularly apathetic over this school question, and as a subject it is never discussed at all, either on the street, in hotel rotundas or the bars, in the home or anywhere else. Two or three preachers have spoken on it from the pulpit, but that is all. There

have been no public meetings called to discuss it, either in Calgary or elsewhere. Bennett's dramatic call to arms is merely the spellbinder's imagery.

There is not, and never has been, the slightest doubt in our mind about Protestants and Roman Catholics having rights under the British North America Act (Canada's charter) to separate schools. What in thunder does it matter anyway, provided the school curriculum is confined by law to purely secular instruction during school hours? That is safeguard enough, surely, against the insidious encroachments of the Catholic priesthood.

So long as the school system is kept national in its actual daily routine, national in fact as well as in spirit, national in its love of the same God and the same country, there should be no reasonable kick coming, except to those professional politicians who require in their business to have something to roar about from the platform.

HOT AIR  
FURNACES

If you have any idea of heating your house with hot air, it will pay you to look into the

"PEASE."

This Furnace is considered one of the very best made, and when installed by a first class mechanic is sure to give satisfaction. Ross Bros. are the sole agents for this district, and they employ none but the best workmen, as some of the following testimonials from some of our best known citizens should convince you. We have a large number of these testimonials, every one of which is from gentlemen who have used the PEASE FURNACE.

We put a large number in Edmonton during last year, and in every instance the purchasers were well pleased, and do not hesitate to speak in the highest terms of them.

## TESTIMONIALS.

From MALCOLM GROAT, Edmonton.  
J. J. MELLON, Strathcona.  
JAE. H. WOOD, Athabasca Landing.  
W. H. COOPER, Edmonton.  
KING POWELL, Edmonton.  
J. B. MERCER, "  
C. W. CROSS, "  
K. J. MANSON, "

Sole Agents for Edmonton ROSS, BROS. Limited.

Ross Bros.,  
Gentlemen:—  
The hot air heating system that you installed in my house last summer, and which has been thoroughly tested during the past winter, has given me splendid satisfaction. All parts of my house, which are in an exposed position on the crest of the river bank, were comfortably heated at all times. The coal consumed during the winter was not large, and it burns the Edmonton coal perfectly. I am very well satisfied with the heating system, and the workmanship and the material used on the job is of the best, and would recommend your furnace to any one.

Yours truly,  
MALCOLM GROAT.

Ross Bros.,  
Gentlemen:—  
Replying to yours re the furnace I purchased from you and which your workmen put in my store (The Hudson Bay Store) I am well satisfied with it. The store is 35 x 40, with a 15 foot ceiling, plate glass front, and when the thermometer stood a 22 below zero the store was easily heated to 90 degrees. The workmanship is first class in every particular. The fuel consumed is small considering the results we get. There is no smoke or leakage of gas, and the furnace is very easily managed. I can heartily recommend your furnace to any intending purchaser, as I am sure there can be no fault found with them.

Yours truly,  
JAMES H. WOOD.

Ross Bros.,  
Gentlemen:—  
Regarding the warm air furnace which you installed in my house, I may say that I am perfectly satisfied with it. I had no difficulty whatever in heating the whole house in all kinds of weather. No heat is wasted in the cellar, and I had no trouble with the pipes not working in windy weather. I find it easy to manage, and economical on fuel, and were I to build again, I would have no other kind of furnace, and I would recommend it to any person wanting one.

Yours truly,  
W. H. COOPER.

Ross Bros., Limited,  
Gentlemen:—  
The furnace you placed in my house last year has given us the very best of satisfaction, and every room in the house is evenly heated, and I find that it burns the Edmonton coal very economically, and is easy to manage and free from dust or gas. I would cheerfully recommend it to anyone.

Yours truly,  
KING POWELL.

Ross Bros., Limited,  
Gentlemen:—  
The Furnace you placed in the house I live in (owned by J. N. Pomerleau) has given us perfect satisfaction. In fact we can make it too warm to live in if we were to let the Furnace burn freely, and have never been troubled with either smoke, gas or dust. I find it very easy to manage, and I am certain we could not keep the house as comfortable with stoves on anything like the same amount of fuel, and would recommend it to any person wanting a good Furnace.

Yours truly,  
J. B. MERCER.

Ross Bros.,  
Gentlemen:—  
After using your Furnace all winter it gives me great pleasure to recommend it to any one. I used another make of Furnace for four years in the same house, previous to getting this furnace from you, and find your Furnace a great improvement over the old one. I find it free from dust, gas or smoke, and easy to manage, and that the grate burns the Edmonton coal perfectly. My house is more evenly heated with only a little over half the fuel, and I might say that the material and workmanship in connection with the installation of the Furnace is of the best.

Yours truly,  
R. J. MANSON.

Messrs. Ross Bros.,  
Gentlemen:—  
The Furnace you installed in my house last summer has given me perfect satisfaction in every respect, and free from gas or dust, and find that I get more heat from less fuel out of your Furnace than I could from the old Furnace you took out. Therefore would cheerfully recommend your Furnace to any person wanting one.

Yours truly,  
C. W. CROSS.

Ross Bros.,  
Gentlemen:—  
The hot air heating system that you installed in my hotel, has proved to be all and more than you represented it to be, and would not change it for the old system if I had to pay double what it cost me, as I find your Furnace only uses about half the amount of coal that the old Furnace used. In fact one Furnace now heats the whole hotel, except in extreme cold weather, while it took both the old Furnaces going full blast all the time to heat the hotel other winters. I find your furnace not only a fuel saver, but easy to manage, free from dust, smoke or gas, and would be pleased to recommend it to any person wanting one.

Yours truly,  
J. J. MELLON, Strathcona.

Ross Bros. Ltd.

## THE HOG MARKET

To the Editor Bulletin,  
Dear Sir:

Will you kindly give me a little space in your valuable paper, to bring before the thinking part of our farmers and townfolk, the importance of making a move jointly for the betterment of our hog market. I have been working with a committee formed by the Strathcona branch of the Territorial Grain Growers' Association, to enquire into the matter of imports of bacon, lard and dressed meats into the North-West, and we have gained much useful information on the matter, and I think your readers will agree with me that it is quite time we made a move to capture for our towns and farmers that market that rightly belongs to this part of our country. At the request of the Society of Equity, whose meeting I attended a few days since in Edmonton, I placed before them, the reports we have received on the import question, and it was clearly seen that we are suffering a great wrong, and I was asked by that Society if I would kindly publish the matter for the benefit of both town and country, and with the permission of the management and members of the Strathcona branch of the T. G. G. Association, I have much pleasure in doing so. I will first give the market price of hogs in Chicago from March, 1904 to March, 1905.

March, 1904, price \$5.82 per hundred pounds.  
April, 1904, price \$5.50 per hundred pounds.  
May, 1904, price \$4.95 per hundred pounds.  
June, 1904, price \$5.45 per hundred pounds.  
July, 1904, price \$5.90 per hundred pounds.  
August, 1904, price \$5.80 per 100 pounds.  
September, price \$5.31 per hundred pounds.  
October, price \$4.27 per hundred pounds.  
November, price \$5.25 per hundred pounds.  
December, price \$4.87 per hundred pounds.  
January, 1905, price \$5 per hundred pounds.  
February, 1905, price \$5.15 per 100 pounds.

An average of about \$5.50 per 100. The average price in this district was a fraction under \$4 per 100 lbs. and in face of this and the fact that a duty of two cents per pound is imposed on bacon and hams from across the line, and a freight rate of one and three quarter cents per pound to Edmonton, who did the bulk of our trade? Not our home packers, although they had the advantage in the first place of 1 and a half cents per pound in purchasing the hogs, no duty and no freight charges, making at least, on raw material, a difference of three and a half cents per pound, and allowing the 1-3-4 cents per lb. for waste.

With all this advantage over the Chicago packer, why should this large amount of hog products be shipped in as stated below. I give it as received from the Department of Agriculture, and all know these figures can be relied on. I have the figures from 1902 to 1904, but it will be asking too much of you to print all, so I will only give 1904—

The imports to Manitoba in 1904 were 200,823 lbs., value \$19,401.  
British Columbia, 1,919,930 lbs., value \$242,816.

Yukon Territory, 844,317 lbs., value \$115,589.  
N. W. Territories, 419,845 lbs., value \$37,647.

A total of \$415,449. It is hard to add to this we find that over half a million dollars was paid to the States for the very thing this country is adapted to raising, and its farmers in a position to look after that part of the work. Now I find that Edmonton purchased no less than 65,721 pounds of lard value \$5,448; 26,592 pounds bacon and hams value \$27,793; smoked meats, 692 lbs. value \$66; a total of \$29,247.

This is not all, we cannot go into any store where such things are sold, but we see on the shelves tinned meats of all kinds, sliced bacon, brawn, pigs feet, potted tongue, ham and chicken, to say nothing of corned beef, etc. Is it not time that the bulk of this trade was done at home instead of trending away nearly \$30,000 yearly for what is consumed right at our own doors. Then what about the balance of about \$476,000. Ought not our packers to be in a position to capture a good share of that amount? What would it mean to the farmers and towns if the bulk of this trade was done by packers in the North-West instead of as now, across the line.

This is a very serious question and must not be winked at. We have to face the fact and something has to be done, and that at once. We farmers took advice a few years ago, to give more attention to the raising

of hogs, this last year we had the hog ready, and what has been the result? The price paid by our buyers has not paid for the grain consumed, to say nothing of the labor. This thing cannot last. The farmer, like all others, must have a living price for his products or he must go to the wall and this not only affects the farmers, but impoverishes our towns.

We have a splendid opening here for an up-to-date packing establishment. I heard that some enquiries were made a few weeks since on this subject and the enquirers were told that we have not hogs enough to warrant the building of a large packing establishment. The farmers did not say this, it must have been some interested party. It is well known that the quantity of hogs can be increased to any requirement in a few months. It is only a matter of keeping over a few extra brood sows. We have the feed and the right kind to produce the best of pork. Cannot we, I mean those interested in our country's welfare, get together and devise a plan to remedy the present evils. The board of trade and farmers' associations, and our councils should be able to handle this matter jointly.

This undoubtedly will be read by many who are looking for homes in our beloved Alberta, and I would say to them, do not think by the tone of this article, that there is anything wrong with Alberta. We have one of the best countries in the world to get along in. I came here eight years ago with a family of nine children and my wife, and have now twelve children and buried two. I knew but little about farming, still we have done well, and can honestly recommend Alberta to the home-seeker. We have some wrongs to be righted and we are going to do it. We have a very bright future before us, in Alberta. Settle with us and share it with us. Our motto is live and let live. Thanking you, Mr. Editor, for space in your valuable paper, I am dear sir,

Yours for progress,  
K. SHEPPARD,  
Secretary-Treasurer,  
Strathcona T. G. G. Ass'n.

## LOCAL

—The Edmonton Industrial Exhibition are offering a diploma for the best Shorthorn cow and two of her offspring.

—The city council had a meeting with J. S. Dennis, of the C. P. R., this morning. No information as to the proceedings is available.

—The local ball team will go to Wetaskiwin to play that team tomorrow evening. Special gates will be secured and a large number are expected to go down.

—W. H. Cooper is in receipt of a letter from the Minister of Militia, saying that arrangements for guns, etc., for use at the celebration of the inauguration of the new Government of Alberta are being made through the R. N. W. M. P.

—An Englishman named G. Lawlor, who has recently been working for W. R. Brown, on a farm near Arcola, has received a letter stating that his uncle, a wealthy diamond merchant in Australia, is dead, and has left him the whole of his fortune, which is estimated to be about \$250,000.

—Battleford Herald: The steamer "Saskatchewan" arrived from Prince Albert on Sunday evening on its way to Edmonton. It was compelled to lay over here all day yesterday waiting to pass the temporary bridge at the C. N. R. crossing. The boat did not have any freight for this place but brought a number of passengers.

—The representative of the Russian Opera Company, states that anyone overlooked in his personal canvas for subscribers to "El Capitán" the opening performance, Tuesday, June 21, can secure choice of seats by affixing their signature to the "El Capitán" list at Archibalds drug store, up to Thursday evening. Subscribers can obtain choice of seats Friday. General plan opens Saturday.

—Regina Standard: For promising to marry Lizzie Hein, and then "kissing her and taking her up," to use his own phrase, Chas. Kessler was assessed \$450.70 by a jury sitting under Mr. Justice Newlands on Saturday. Lizzie claims to be twenty-four years of age, and no one doubts that she is at least that. Charlie is a prosperous butcher down at Milestone, and is well known in this city. He was for years employed with Child and Lander, of this city, in connection with their meat business.

—Alberta Star, Cardston: It is now impossible to arrange affairs so as to celebrate the birth of the new province on the first. This is due to the obstacles thrown in the way of the Government by members of the Opposition. They have simply been paying the part of the phonograph. "Taking a whole lot and saying nothing." It is to be regretted that such a state of affairs has been brought to pass, and the leaders of the Opposition are to be condemned for their unnecessary delay of the bill.

—The Russian Comic Opera Co. open a week's engagement in the rink on Tuesday evening with Sousa's "El Capitán." The company includes Claude Anden, principal comedian, Frank Waters, tenor, Hilliard Campbell, baritone, Carolyn Lum, prima donna, Alice Pool, ingebus, Hazel Davenport, mezzo soprano. Wednesday the company will play "The Mikado," Thursday "Ermine," and Friday and Saturday will be devoted to other productions. Subscribers can secure choice of seats Friday at Archibalds drug store. General sale opens Saturday, same place.

—Battleford Herald: At Onion Lake on Thursday last, the Rev. E. K. Matheson principal of the Industrial School at Battleford, was married to Miss Eleanor E. Shepphird, of the

same town. The bride was handsomely gowned in a very lovely tailor-made light blue dress, trimmed with sequin lace, and wore a dainty tullean hat, trimmed in ecru tinged with pink. The ceremony was performed by the Rev. D. D. Macdonald, of Breskay, assisted by the Rev. J. R. Matheson, a brother of the bridegroom. The bride was given away by Miss Collins. The church was filled to the doors by friends of both contracting parties, who are both well known here. The happy couple left on Monday for their home in Battleford, followed by the best wishes of all here.

## PERSONAL

C. W. Mathers returned last evening from the Coast.

Mr. Robt. Dickie of Bright, Ontario, is here on a short visit. He is on a tour of inspection of the West.

## MAGNUS ANDERSON DIED TO-DAY.

Mr. Magnus Anderson, one of Edmonton's Old Timers, and for over thirty years in the service of the Hudson Bay Company in this district, died at his home in the city this morning. On Monday Mr. Anderson had the misfortune to fall down an elevator shaft at the old Hudson's Bay building, receiving very serious injuries. Yesterday he appeared to be making satisfactory progress, but pneumonia set in from which he died this morning. The late Mr. Anderson was a member of the Old Timer's Society of the city. He leaves a widow.

## Moe's Confession.

Broadview, N. W. T., June 18.—It seems that young Moe, who has confessed to the murder of John Whittaker on June 1, had been threatened by Whittaker with prosecution for pilfering from his shanty and that the motive was either revenge or to prevent his being punished for the theft. In his confession Moe stated that he had watched for an opportunity to shoot Whittaker all the forenoon and failing to carry out his purpose he returned in the afternoon to where he was plowing, and taking off his boots, stole up behind him to within five yards and fired a heavy charge of buckshot at his victim's head. The charge partially entered the brain and carried with it portions of the scalp which were found by the coroner fifty feet from where the body was found. He then made a deep furrow with the plow and, laying the body in it, tried to cover it with another furrow. He says he attempted to drive the murdered man's team homeward, but they returned to where the body was.

## ST. ALBERT MATTERS.

Editor Bulletin: Peter Simple thinks our council is coming in for too much abuse. As their modesty will not permit them to strike back at their opponents, Peter is going to take up the cudgel in their defence.

People are impudent enough to ask why the council did not accept Mr. May's tender. Who elected our town council?

Peter is going to enter the race for mayor next year and is busy at present studying Bourinot's rules on parliamentary procedure.  
 W. M. FITZGERALD.

## IN MEMORIAM

**DIED**  
 McMillan—At Stony Plain, on June 16, Bertie Alexander McMillan, son of Neil and Rachel McMillan, aged 15 years, two months and twelve days.

One precious to our hearts has gone. The voice we loved is stilled. The place made vacant in our home can never more be filled.

Our Father in his wisdom called. The boon his love had given. And though on earth the body lies, The soul is safe in Heaven.  
 MRS. NEIL McMILLAN, Stony Plain.
